Dear Mr Channing,

A91500 - Redland City Council and Brisbane City Council - submission

Thank you for providing SITA Australia Pty Ltd (conducting business as Suez Environnement Recycling & Waste Recovery) ("**SUEZ environnement**") the opportunity to comment on the application for authorisation by Redland City Council and Brisbane City Council to undertake a joint tendering process for waste and recycling collection services within the Local Government Areas of Brisbane and Redland.

SUEZ environnement has no objection to the joint tendering process between Redland City Council and Brisbane City Council.

Yours faithfully,
