Dear Tanya

Withdrawal of Energex notification N95736

I am writing to you on behalf of Energex Limited (**Energex**) in connection with notification N95736 (the **Notification**).

As you know, Energex was not engaging in the conduct the subject of the Notification pending further development and testing of the relevant software.

Energex has now determined not to proceed with the requirement to utilise Energex's Design Automation Tool, and accordingly hereby gives notice of withdrawing the Notification.

Energex continues to consider there would be material public benefits in achieving greater efficiencies in Energex's processing of designs prepared by external consultations, and will investigate other ways those efficiencies could be derived.

Please do not hesitate to contact me if you have any queries in relation to the above.

Yours sincerely

John Hedge
