Dear Kathryn,

**Re: North East Waste and Resource Recovery Group application for authorisation A91551 –  
interested party consultation**

Thank you for the opportunity to provide comments on the North East Waste and Resource Recovery Group application for authorisation A91551.

In principle Cleanaway has no issues with the concept for the NEWRRG to jointly procure waste and resource recovery and processing services on behalf of the Constituted Councils. However, it must be noted that Cleanaway currently holds a number of **current** Municipal, Recycling and Organics collections contracts with some of these North East Victorian Councils including:

- Benalla Rural City Council
- Indigo Shire Council
- Mansfield Shire Council
- City of Wodonga Council

Cleanaway would expect that these municipal contracts will not be included in the procurement process for the waste services until the contracts and their extensions have ceased.

If you would like to discuss the above information, please do not hesitate to contact me on the details below.

Yours sincerely,

Melinda Lizza
