Dear Ms Macrae

Subject: A91520 - Council Solutions & Ors Submission

In reference to your letter dated the 11th of February 2016, we wish to thank you for the opportunity to respond on the application process, with this in mind Redacted wishes to provide ~~confidential~~ feedback only and request that the ACCC does not allow the Council Solutions tender process to proceed due to the following,

We believe many of the cost reductions Council Solutions hope to achieve from this application will not be achievable and due to the likely hood of the potential reduction in competition as a direct result from this application if successful, will in fact increase prices resulting in the complete opposite with no benefit to the rate payers of the above mentioned councils.

We request that the above response remains ~~confidential~~ due to the potential repercussions from it and may jeopardise future contract negotiations moving forward.

Thank you for the opportunity to comment on the application and should you require any information please feel free to contact me.

Yours sincerely,

Redacted
