**Refrigerant Reclaim Australia Draft Determination A91515**

Dear Mr Jones,

Thank you for your notification dated 22<sup>nd</sup> March advising that the ACCC had issued a draft determination proposing to grant conditional re-authorisation to Refrigerant Reclaim Australia Ltd (RRA).

We write to acknowledge and congratulate the ACCC on re-authorising Refrigerant Reclaim Australia (RRA) to continue to operate the Australia-wide program to recover and safely dispose of ozone-depleting and synthetic greenhouse gas refrigerants at end-of-life.

The RRA program provides real environmental benefits and is an essential element in our industry's efforts to reduce detrimental impacts to the atmosphere. Further, it is a critical enabler of our compliance with Commonwealth legislation.

We are pleased to support RRA's ongoing operations and do not request a pre-determination meeting. We look forward to receiving notification of the ACCC's final positive determination in due course.

Yours sincerely,

Peter Cashel
