To whom it may concern,

We are situated [REDACTED] within 2km from a Woolworths Supermarket. Directly across the road from us is a Caltex Woolworths, which has been operating as a Caltex Woolworths for approximately [REDACTED] years. Prior to this site operating under the Woolworths brand, our site was a thriving family business, we have suffered significantly over the past [REDACTED] years, often at times wondering if we should sell as our business was severely impacted. As a family/operated business, it is very difficult to be competitive with such a large chain. There is a company owned BP [REDACTED] [REDACTED] and if this site was to take on the Woolworths brand, this would affect us even more, being a BP branded site. We feel that we should be allowed the opportunity to become part of the Woolworths brand to remain competitive and to keep our family operated business operating. We are in closer proximity to the Woolworths supermarket than the company owned BP site.

I would appreciate it if you could keep my private details and the contents of this letter anonymous.

Thank you for the opportunity to submit my concerns.

Kind Regards,
