Subject: Medicines Australia – ACCC Authorisation AA1000486 – fortnightly report 7 August 2021 to 20 August 2021

Dear Simon/Darrell,

In relation to the ACCC Authorisation AA1000486 (24 September 2020) and, specifically, in accordance with the Conditions of that Authorisation at paragraph 5.12, Medicines Australia provides the following fortnightly report on activities related to the Proposed Conduct.

In the period of 7 August 2021 to 20 August 2021, no meetings or discussions of the Medicines Australia/Generic and Biosimilar Medicines Association Working Group occurred and no decisions were made that fall under the Proposed Conduct.

Medicines Australia’s next fortnightly update will cover the period of 21 August 2021 to 3 September 2021. Additional updates will be provided to the ACCC as required and in accordance with Medicines Australia’s obligations under the authorisation.

We also consent to this email being published on the public register, with the appropriate privacy redactions.

This response was drafted in consultation with [Redacted], CEO of Generic and Biosimilar Medicines Association.

Yours sincerely,
