[ACCC-ACCCANDAER.FID2539479]  
**Attachments:** MTAA - Request for update.pdf

Dear Ellie,

Apologies for the delayed response on this – if you're still taking feedback I can confirm that Teleflex Medical Australia have found the interim arrangement beneficial to help navigate the COVID-19 impact on industry. Being able to share information regarding trends in purchasing, challenges with freight suppliers, and preparedness of different health boards has been extremely valuable during this time.

If you'd like further comment or information please don't hesitate to contact me.

Regards,

**Alistair McKeon**  
General Manager & Managing Director, ANZ
