Subject: nbn Co authorisation - Protocol para 3 report w/e 2 October 2020 [SEC=OFFICIAL]

Dear David and Jaime

Report of “material decisions” for week ending 2 October 2020

We are instructed that with respect to the meetings of the Special Working Group or its sub-committees (Committees) held last week, there is no report to give under para 3 of the Protocol of any material decision made by the Committees that falls within the Proposed Conduct.

We are instructed to provide the following update more generally:

Committee meeting cadence

The Special Working Group Committee dealing with network matters is meeting fortnightly for the time being.

Summary of matters discussed at the Committee meeting held last week

In brief, the following matters were addressed at the Committee meeting held last week:

- analysis of international data, including European internet traffic and US downstream and upstream peak traffic growth;
- analysis of recent nbn network performance data, including downstream traffic and usage patterns, with a focus on downstream traffic nationally and in Victoria, including the network traffic impact of a recent gaming update;
- discussion of the steps certain OTT video streaming providers have taken regarding the voluntary bit rate reduction measures that those providers had adopted, and the associated change in network traffic that has been observed; and
- discussion about the ongoing voluntary measures adopted by the main OTT videoconferencing providers.

Regards

Bruce
