Tess and Tanya,

Under the current ACCC authorisation, we are required to submit the annual report on resolution pathways by 28 February. (We note this is an APRA obligation that we fulfil).

We wanted to check in with you regarding expectations for this year's report and formally request:

a) An extension for submission of the report (which falls under APRA authorisation) to allow the team to focus on implementing the necessary future changes. Given that the same team is responsible for both.

b) Approval to submit the report in a modified format, which would provide insights into how future reports could align with our proposed changes while still fulfilling reporting obligations.

Please let us know if you'd like to discuss this further—we'd be happy to arrange a time.

Looking forward to your thoughts.

Best regards,

Shirli Kirschner
