

## **Submission by Allen Hydrepair Pty Ltd-22 November 2024**

As a tenant and user of the Toowoomba City Aerodrome, I support the collective bargaining notification by the Toowoomba City Community Aerodrome Inc. (TCCAI). I believe this will benefit us and the community. 1: Background The Aerodrome hosts various businesses, including pilot training, aircraft maintenance, charter and emergency services. The Toowoomba Regional Council has delayed renewing our leases. 2: Benefits of Collective Bargaining. Better lease terms, collective bargaining will help us all to secure fairer rents and longer lease terms. Reduce our legal costs and make negotiations smoother. Ensure better viability of our businesses, support local services and create employment.
