

Submission by [REDACTED]-21 November 2024

Dear ACCC, As a member of the general public, I support the collective bargaining notification by Toowoomba City Community Aerodrome Inc. (TCCAI). I believe this will benefit the community and the region.

- 1. Community Benefits Fairer Lease Terms:** Collective bargaining will help ensure fairer rents and longer leases for businesses at the Aerodrome.
- Support for Local Services:** The Aerodrome hosts essential services like emergency medical flights and pilot training, which benefit the entire community.
- Economic Stability:** Secure and fair lease terms will help maintain the economic viability of the Aerodrome, supporting local jobs and businesses.

- 2. Addressing Concerns** The diverse nature of the businesses at the Aerodrome and the voluntary participation in collective bargaining should address any competition concerns.

- 3. Conclusion** I urge the ACCC to approve this notification to allow collective negotiations to proceed, ensuring the continued viability and success of the Toowoomba City Aerodrome.

Thank you for considering my submission.
