The ACCC should only approve this scheme with strong conditions so that big brands don't profit from our waste. Yes to recycling soft plastics Yes to big brands taking responsibility Yes to transparency No to cashing in on the community No to green-washing No to supermarkets profiting from our waste No supermarket payouts – Money must go to recycling, not profit. Public funds, public benefit – Levy = environmental outcomes. Fairness – Communities shouldn't subsidise big brands. Innovation needed – No repeat of past failures. Fix governance – Independent voices must lead. Stop the greenwash – PR is not progress. 🗣️ The ACCC must approve ONLY with strong conditions: • No member benefits • Independent governance • Real targets
