Dear Sir/Madam,

Apologies for our delay in responding.

Thank you for the opportunity to provide comment afforded to Day Hospitals Australia. Due to being previously heavily involved in the National Partnership Agreement & in the State Template Agreement with private hospital/day hospitals in each State with the respective State Department of Health, Day Hospitals Australia has reviewed the applications but has no comments to make or issues to raise.

With thanks & kind regards, Debbie

Debbie Pantany *Executive Officer – Board & CEO*
