Hi Emma,

Thank you again for the opportunity to provide comment afforded to Day Hospitals Australia, this time on the ACT agreement.

As with the other State agreements as we were previously heavily involved in the National Partnership Agreement & in the individual State Agreement with private hospital/day hospitals in each State with the respective State Department of Health, Day Hospitals Australia has reviewed the application but has no comments to make or issues to raise.

We have no objection to the contents of this email to be made publicly available.

With thanks & kind regards, Debbie
