**To:** Exemptions  
**Subject:** Objection to managed care

To whom it may concern.

As a surgeon in Australia who has worked for two years in the US health system, I want to express my strong objections to the managed care model put forth by NIB and Cigna. I believe it would undermine the quality of our current health system and erode the autonomy of Australians by dictating which health care providers they are allowed to engage with.

Kind Regards

Dr Claire Iseli FRACS, MS
