Dear Sir/Madam

I am an Anaesthetist, living in Drummoyne, NSW. I am concerned about the new venture between NIB and Cignacorp from the US.

As a clinician, I do not feel that it is in the patient's best interest for an insurer to dictate management. Certainly if I was a patient, I would prefer the experience of a doctor to dictate my treatment, and not the profit margins of an insurer.

Please introduce legislation which protects Australians against any possible version of managed health care in this country. Other countries have successfully done this.

Yours Sincerely

Dr Neil Vanza
