To whom it may concern,

I write to express my opposition to the proposal to grant NIB/Honeysuckle authorisation to operate a buying collective with Australian healthcare providers (Authorisation number: AA1000542).

This fundamentally reduces the current level playing field that health care providers operate under in the private sector in Australia and ultimately restricts patients' options when choosing a health care provider. This is likely to further reduce the quality of the product that they sell to patients whilst increasing profit margins.

Kind regards
