

Dear ACCC,

As a member of the general public, I support the collective bargaining notification by Toowoomba City Community Aerodrome Inc. (TCCAI). I believe this will benefit the community and the region.

1. Community Benefits

Fairer Lease Terms: Collective bargaining will help ensure fairer rents and longer leases for businesses at the Aerodrome.

Support for Local Services: The Aerodrome hosts essential services like emergency medical flights and pilot training, which benefit the entire community.

Economic Stability: Secure and fair lease terms will help maintain the economic viability of the Aerodrome, supporting local jobs and businesses.

2. Addressing Concerns

The diverse nature of the businesses at the Aerodrome and the voluntary participation in collective bargaining should address any competition concerns.

3. Conclusion

I urge the ACCC to approve this notification to allow collective negotiations to proceed, ensuring the continued viability and success of the Toowoomba City Aerodrome.

Thank you

Patrick Tolhoek
