To: ACCC

To whom it may concern,

Pegulan Floor Coverings supports Resiloop's application to the ACCC for authorisation, including interim authorisation.

Resiloop have developed a scheme that will divert large amounts of flooring waste material away from landfill to be repurposed as new products. We see this as a major step forward in improving our industries sustainability.

To be successful it is essential that the scheme gains wide industry support, we believe that for this to happen the comparatively small levy will need to be transparent across all the stakeholders involved.

Kind Regards
Roger Blasse
Managing Director
