

Submission by Robert Hannemann-22 November 2024

Dear ACCC, As a user of the Toowoomba City Aerodrome and local resident, I support the collective bargaining notification by Toowoomba City Aerodrome Inc (TCCAI). I believe this will benefit the airport users, community and region.

1. Community Benefits Fairer Lease Terms: Collective bargaining will help ensure fairer rents and longer leases for businesses at the Aerodrome. Support for Local Services: The Aerodrome hosts essential services like emergency medical flights and pilot training, which benefit the entire community. Economic Stability: Secure and fair lease terms will help maintain the economic viability of the Aerodrome, supporting local jobs and businesses.
2. Addressing Concerns The diverse nature of the businesses at the Aerodrome and the voluntary participation in collective bargaining should address any competition concerns.
3. Conclusion I urge the ACCC to approve this notification to allow collective negotiations to proceed, ensuring the continued viability and success of the Toowoomba City Aerodrome. Thank you for considering the submission
