

**Submission by Marchmont Pty Ltd-21 November 2024**

Dear ACCC, As a Leaseholder at the Toowoomba Aerodrome, I support the application by TCCA inc. for approval of Collective Bargaining. Having Collective Bargaining will defray costs for all Leaseholders and this, in turn, will benefit all users of the aerodrome. The Toowoomba Regional Council is not forthcoming with open dialogue and this is impacting everyone at the aerodrome in a negative way. All Leaseholders here are in favour of the TCCA's application and we are united in our views. Sincerely,
