Dear Ms Menon

**RE: Application for ACCC Authorisation of SSROC Councils' Joint Tender for Comingled Waste Processing**

Please accept this letter as an indication of support by Woollahra Council for the joint tender proposed by Southern Sydney Regional Organisation of Councils (SSROC) and Participating Councils' seeking ACCC authorisation to collaboratively procure the processing of councils' comingled recycling. The name of the tender is called Comingled Recycling Sustainability Solutions (CRESS).

It is hoped that this regional collaborative procurement will provide increased efficiencies, economies of scale, and improved diversion benefits for each Participating Council.

For further information please contact Mark Ramsay at   
or on .

Yours sincerely,

Mark Ramsay

Manager Civil Operations
