

**Submission by Greenlip Enterprises Pty Ltd T/as Airborne Fire Solutions and Toowoomba Helicopter Services-22 November 2024**

I support the Toowoomba City Community Aerodrome application for Collective Bargaining. If this goes ahead, it will help keep costs down for all users of the aerodrome whether you are a leaseholder, maintenance customer or an aircraft owner. This will keep the aerodrome a thriving community for businesses, engineers, apprentices, pilots, and for the wider aviation community who utilise the aerodrome.
