1. Person giving the Undertaking

- 1.1. This Undertaking is given to the Australian Competition and Consumer Commission (**ACCC**) by Osmosis Buyer Limited (**Osmosis Buyer**) and its subsidiary Osmosis Holdings Australia I Pty Ltd ACN 650 740 266 (together referred to as **Osmosis** in this Undertaking).

2. Background

The parties to the Proposed Acquisition

- 2.1. Osmosis Buyer is a portfolio company of BDT Capital Partners, LLC and a holding company which controls Culligan Group (**Culligan**). Culligan is headquartered in Rosemont, Illinois, USA and operates a global water systems treatment company that supplies products and services to residential and commercial customers. Relevantly, in Australia, Culligan owns Zip Heaters (Aust) Pty Ltd ACN 000 578 727 (**Zip**), which manufactures and supplies instant boiling water systems, chilled water systems and water solutions, including multi-functional taps.
- 2.2. Firewall Holding S.À R.L. (**Firewall**) is a private limited liability company organised and existing under the laws of the Grand Duchy of Luxembourg. Firewall is a portfolio company of Castik Capital Partners GmbH (**Castik**) and is the holding company of Waterlogic Group Holdings Limited (**Waterlogic**). Waterlogic is headquartered in Maidenhead, United Kingdom and operates in various countries. Relevantly, in Australia, Waterlogic supplies water products and services through Australian subsidiaries, including:
- (a) Billi Australia Pty Ltd ACN 624 954 829 and other entities listed in Schedule 4 of this Undertaking (together referred to as **Billi**) which manufactures, supplies and services multi-functional taps which can supply instant filtered boiling, chilled, sparkling water, or any combination of these in Australia and
 - (b) Waterlogic Australia Holdings Pty Ltd ACN 164 004 817 (**Waterlogic Australia**) which supplies rentals and servicing of water products including bottle-free coolers and wall mounted boilers.

The Proposed Acquisition

- 2.3. On 21 December 2021, Osmosis entered into a Share Purchase Agreement, under which it agreed to acquire 100% of the shares in Firewall from Castik and other non-controlling minority shareholders (**Proposed Acquisition**).

The ACCC's review

- 2.4. On 4 March 2022, the ACCC commenced its public review of the Proposed Acquisition.
- 2.5. The ACCC undertook market inquiries and considered information provided by the parties to the Proposed Acquisition, industry participants and others. The purpose of the ACCC's inquiries was to assess whether the Proposed Acquisition would have the effect, or be likely to have the effect, of substantially lessening competition in any market in Australia in contravention of section 50 of the Act.

The ACCC's competition concerns

- 2.6. The ACCC has concluded that, in the absence of this Undertaking, the Proposed Acquisition would have the effect, or be likely to have the effect, of substantially lessening competition in markets for the manufacture, supply and servicing of multi-functional taps in Australia.
- 2.7. Zip and Billi are the two largest suppliers of multi-functional taps in Australia and are each other's closest competitor. The ACCC concluded that alternative suppliers of multi-functional taps are unlikely to constrain the merger parties in any meaningful way.
- 2.8. Similarly, the ACCC found that other water dispensing solutions such as coolers and wall mounted boilers are not close substitutes for multi-functional taps and unlikely to sufficiently constrain Culligan post-merger.
- 2.9. The ACCC was concerned that, absent this Undertaking, Culligan would face very little competition in the supply and servicing of multi-functional taps, leading to increased prices and/or reduced service levels for customers.

The Undertaking remedy

- 2.10. Osmosis does not consider that the Proposed Acquisition would have the effect, or be likely to have the effect, of substantially lessening competition in any relevant market. However, to address the ACCC's competition concerns, Osmosis has offered this Undertaking pursuant to 87B of the Act.
- 2.11. The objective of this Undertaking is to address the ACCC's competition concerns as set out above that would otherwise arise as a consequence of the Proposed Acquisition. The Undertaking aims to achieve this objective by placing obligations on Osmosis to:
 - (a) ensure that the Divestiture Business is sold to an Approved Purchaser that will result in the creation or strengthening of a viable, effective, stand-alone, independent and long term competitor for the manufacture, supply and servicing of multi-functional taps in Australia;
 - (b) to ensure the purchaser of the Divestiture Business has all the necessary associated assets, rights and agreements to compete effectively with Zip in the manufacture, supply and servicing of multi-functional taps in Australia;
 - (c) maintain the economic viability, marketability, competitiveness and goodwill of the Divestiture Business prior to divestiture;
 - (d) include in the Divestiture Business relevant intellectual property rights such that the Billi brand will remain under independent ownership and control in Australia;
 - (e) hold its interest in the Divestiture Business separate from its other assets and businesses pending divestiture of the Divestiture Business;
 - (f) appoint an Approved Independent Manager to manage the Divestiture Business from the Control Date to the Divestiture Date; and
 - (g) to provide for the effective oversight of Osmosis' compliance with this Undertaking.

3. Commencement of this Undertaking

- 3.1. This Undertaking comes into effect when:
- (a) this Undertaking is executed by Osmosis; and
 - (b) this Undertaking so executed is accepted by the ACCC
- (the **Commencement Date**).

4. Cessation of Ongoing Obligations

Withdrawal

- 4.1. Osmosis may request withdrawal of this Undertaking pursuant to section 87B of the Act at any time. This Undertaking is taken to be withdrawn on the date the ACCC consents in writing to that withdrawal.

Revocation

- 4.2. The ACCC may, at any time, revoke its acceptance of this Undertaking if the ACCC becomes aware that any information provided to it was incorrect, inaccurate or misleading.

Waiver

- 4.3. The ACCC may, at any time, expressly waive in writing any of the obligations contained in this Undertaking or extend the date by which any such obligation is to be satisfied.

Survival

- 4.4. Unless and until this Undertaking is withdrawn in accordance with clause 4.1, clauses 1, 2, 3, 4, 9, 11, 12, 13, 14, 15, 16 and 17 survive completion of the obligations in clauses 5, 6, 7, 8, 10 and Schedule 4 and Confidential Schedule 5.

5. Divestiture of the Divestiture Business

Divestiture

- 5.1. Osmosis must, in accordance with this Undertaking, divest, or cause the divestiture of, the Divestiture Business only to an Approved Purchaser.
- 5.2. In the event that clause 10 applies, Osmosis must not authorise the Approved Divestiture Agent to divest the Divestiture Business to a purchaser other than an Approved Purchaser.
- 5.3. Osmosis must divest, or cause the divestiture of, the Divestiture Business by:
- (a) the sale, assignment, transfer and/or licence of all of the assets in Schedule 4 to the Approved Purchaser, pursuant to the Approved Sale and Purchase Agreement and within the Initial Sale Period, otherwise clause 10 applies;
 - (b) the transfer or grant to the Approved Purchaser of all Consents pursuant to clauses 5.4 to 5.5;

- (c) the transfer of any Transferred Personnel required pursuant to clauses 5.7 to 5.8;

Consents

5.4. Osmosis must:

- (a) obtain or assist the Approved Purchaser to obtain as expeditiously as possible, all Consents as required before completion of the divestiture of the Divestiture Business;
- (b) comply with all requirements necessary to obtain any Consents, including by promptly providing all information necessary for the Consents to be given;
- (c) act in good faith in its negotiations with the Approved Purchaser in relation to obtaining any Consents;
- (d) promptly pay the costs and expenses of any third party reasonably incurred in providing the Consents; and
- (e) enter an agreement with the Approved Purchaser and approved by the ACCC, or vary any existing Approved Transitional Supply Agreement as required by the Approved Purchaser, in relation to any goods or services that are required for the operation of the Divestiture Business which may be affected by any failure to gain a Consent.

5.5. If, seven Business Days before completion of the divestiture of the Divestiture Business, the Approved Purchaser does not or is otherwise unable to obtain one or more Consents, then Osmosis must:

- (a) immediately provide to the ACCC in writing details of the:
 - (i) Consents that have not been obtained;
 - (ii) reasons why the Consents have not been obtained; and
 - (iii) information or material required to obtain the Consents.
- (b) continue to do everything in its power to satisfy clause 5.4 as soon as possible after the completion of the divestiture of the Divestiture Business (and until such time as clause 5.4 is satisfied).

5.6. Even if Osmosis has complied with clause 5.4 to 5.5, it remains a breach of this Undertaking if Osmosis is unable to effect the divestiture of the Divestiture Business by reason that one or more Consents are not obtained.

Transferred Personnel

5.7. At the option of the Approved Purchaser, Osmosis must transfer to the Approved Purchaser:

- (a) all employees necessary for the operation of the Divestiture Business; and
- (b) all service providers under a contract for service necessary for the operation of the Divestiture Business;

who are, in the view of the Approved Purchaser, required for the Approved Purchaser to maintain, operate or conduct effectively the Divestiture Business and who consent to the transfer of their employment or contract for service to the Approved Purchaser (**Transferred Personnel**).

5.8. When fulfilling its obligations under clause 5.7, Osmosis must:

- (a) encourage all Transferred Personnel to remain with the Divestiture Business, including offering incentives based on industry practice;
- (b) not directly or indirectly discourage any Transferred Personnel from any obligations to provide services to the Divestiture Business;
- (c) effective on the date of the divestiture of the Divestiture Business, release the Transferred Personnel from any obligations to provide services to Osmosis;
- (d) effective on the date of the divestiture of the Divestiture Business, release the Transferred Personnel from any non-compete or similar restraint of trade obligation, to the extent that such an obligation would otherwise prevent the person from performing his or her contemplated role in relation to the Divestiture Business or Unsold Business; and
- (e) not procure, promote or encourage the transfer of any of the Transferred Personnel from the Approved Purchaser to Osmosis for a period of 12 months after the completion of the divestiture of the Divestiture Business.

Transitional Technical Assistance Agreement

- 5.9. At the option of the Approved Purchaser, Osmosis must supply to the Approved Purchaser or procure Waterlogic to supply to the Approved Purchaser, under an Approved Transitional Technical Assistance Agreement, any Technical Assistance that is required by the Approved Purchaser in order to operate the Divestiture Business.
- 5.10. Osmosis must ensure that any Approved Transitional Technical Assistance Agreement, and any renewal or extension of an Approved Transitional Technical Assistance Agreement, provides for the supply of Technical Assistance:
 - (a) on a transitional basis for a period that is nominated by the Approved Purchaser and approved in writing by the ACCC; and
 - (b) at cost price and otherwise on arm's length terms.
- 5.11. To avoid doubt, Osmosis must seek prior written approval from the ACCC of any renewal or extension of an Approved Transitional Technical Assistance Agreement. Without limiting the ACCC's discretion, in making a decision on whether to approve a renewal or extension of an Approved Transitional Technical Assistance Agreement, the ACCC will have regard to the criteria set out in clauses 5.9 and 5.10.

Transitional Supply Agreements

- 5.12. At the option of the Approved Purchaser, Osmosis must ensure the continued supply by Osmosis to the Approved Purchaser, under an Approved Transitional Supply Agreement, of any goods or services that are required by the Approved Purchaser in order for the Approved Purchaser to be established as a viable, effective, stand-alone, independent and long-term competitor in the manufacture, supply and servicing of multi-functional taps in Australia.
- 5.13. Osmosis must ensure that any Approved Transitional Supply Agreement and any renewal or extension of an Approved Transitional Supply Agreement:
- (a) is for a reasonable transitional period to be nominated by the Approved Purchaser and approved in writing by the ACCC;
 - (b) provides for the supply or re-supply or toll manufacturing of the included goods and services at cost price; and
 - (c) is on such terms other than price which are no less favourable to the Approved Purchaser than arm's length terms.
- 5.14. To avoid doubt, Osmosis must seek prior written approval from the ACCC of any renewal or extension of an Approved Transitional Supply Agreement. Without limiting the ACCC's discretion, in making a decision on whether to approve a renewal or extension of an Approved Transitional Supply Agreement, the ACCC will have regard to the criteria set out in clauses 5.12 and 5.13.
