## About Us

**Australian Consolidated Milk (ACM)** is a part of the ACD Group of Companies. We are a diverse group of companies involved in all facets of production and marketing of dairy products.

As dairy farmers we saw the need for us to keep control of our product which culminated in the birth of a new venture in 2008 from milker to manufacturer. Our aim is to understand your needs and supply you with high quality dairy products.

From our humble beginnings we now have around 50 well established suppliers producing in excess of 100 million litres for the year end 30th June 2012.

We have a dedicated team with a wealth of experience in the dairy industry with a can-do attitude.

The milk is marketed in a number of ways as raw whole milk, cream, skim milk and milk powders. Our aim is identify niche domestic market opportunities, establishing back to back contracts, which in turn helps to avoid exposure to currency, storage and high overheads.

**ACM** offices can be found in Kyabram and Melbourne.

**Australian Consolidated Milk (ACM)** is privately owned and proudly Australian.
