1.2 These FADs do not apply to services provided by a carrier or carriage service provider over the National Broadband Network.

1.3 The prices in these FADs are exclusive of tax payable under the *Utilities (Network Facilities Tax) Act 2006 (ACT)*.

1.4 The prices in these FADs are exclusive of Goods and Services Tax (GST).

Note:

- From 1 January 2011:
 - a carrier licence held by a carrier is subject to a condition that the carrier must comply with any access determinations that are applicable to the carrier; and
 - a carriage service provider must comply with any access determinations that are applicable to the provider.
- An Access Provider and Access Seeker may enter into an Access Agreement relating to a declared service. Access Agreements prevail over inconsistent access determinations: section 152BCC of the *Competition and Consumer Act 2010*.
- The declared services that are the subject of these final access determinations are commonly referred to as the 'fixed line services'.

2. Definitions and interpretation

- 2.1 Schedule 1 applies to the interpretation of this instrument. The Schedules form part of this instrument.

3. Commencement and duration

- 3.1 These final access determinations commence on 1 January 2011.
- 3.2 These final access determinations remain in force up until and including 30 June 2014.

Note:

1. An access determination may come into force on a day which is earlier than the day the determination is made: subsections 152BCF(1), 152BCF(2) and 152BCF(2A) of the *Competition and Consumer Act 2010*.
2. These final access determinations revoke the interim access determinations for these declared services, made on 2 March 2011 by the operation of subsection 152BCF(9A) of the *Competition and Consumer Act 2010*.

4. Terms and conditions of access

- 4.1 If a carrier or carriage service provider is required to comply with any or all of the standard access obligations in respect of a relevant declared service, the carrier or carriage service provider must comply with those obligations on the terms and conditions set out in this clause 4.

Note: The terms and conditions in a final access determination apply only to those terms and conditions where terms and conditions on that matter in an Access Agreement cannot be reached, no special access undertaking is in operation setting out terms and conditions on that matter and no binding rules of conduct have been made setting out terms and conditions on that matter: section 152AY of the *Competition and Consumer Act 2010*.

4.1A

- (a) Notwithstanding the obligation in clause 4.1, the category A standard access obligations (SAOs) in section 152AR of the *Competition and Consumer Act 2010* do not apply to WLR or LCS or PSTN OA (preselect and override) services supplied over the National Broadband Network (NBN).
- (b) For the avoidance of doubt, this variation does not affect the obligation to supply WLR, LCS and PSTN OA services in accordance with the SAOs over available copper infrastructure, including in NBN estates.

- 4.1B Clause 4.1A commences on 29 June 2012 and ceases to have effect on the earlier of:

- 31 March 2013, or
- the date on which Telstra can supply a wholesale NBN voice service.

Note: Telstra must not delay the supply of its wholesale NBN voice services. This variation is intended to only apply for the period that regulatory and technical barriers prevent Telstra from supplying wholesale voice services over the NBN. The ACCC expects that Telstra will release its wholesale NBN voice services no later than its retail NBN voice services (whether the services are supplied as a standalone or bundled product).

- 4.1C Wholesale NBN voice service includes a wholesale voice service that utilises either the UNI-D or UNI-V port of the NBN Co optical network terminal.
- 4.1D Telstra must advise access seekers 14 days prior to making a wholesale NBN voice service available for supply. Telstra must do this by publishing a notice on its website, advising access seekers of the date from which a wholesale NBN voice service is available for supply.
- 4.1E Telstra must advise the ACCC, in writing, 14 days prior to making a wholesale NBN voice service available for supply.
- 4.1F Clause 4.1 applies to any or all of the standard access obligations in respect of the LCS and WLR services as those services are declared as of 1 August 2014, including:
- (a) in relation to the WLR, services supplied in the Central Business District Area of Sydney, Melbourne, Brisbane, Adelaide or Perth, and
 - (b) in relation to the LCS, services where the supply of the local carriage service originates from an exchange located within a Central Business District Area of Sydney, Melbourne, Brisbane, Adelaide or Perth and terminates within the standard zone which encompasses the originating exchange.
- 4.1G Clause 4.1F commences on 1 August 2014 and ceases to have effect on the day before a new FAD for LCS and WLR comes into force.
- 4.2 If the carrier or carriage service provider is required to supply the relevant declared service to a service provider, the carrier or carriage service provider must supply the service:
- (a) at the price specified in the applicable schedule set out in the table below; and

Declared service	Applicable schedule
LSS	2
LCS	3
PSTN OA	4
PSTN TA	5
ULLS	6
WLR	7

- (b) on the non-price terms and conditions specified in the applicable schedules set out in the table below.

Declared service	Applicable schedules
LSS	8, 9, 10, 11, 12, 13, 14, 16
LCS	8, 9, 10, 11, 12, 13, 14

6. Fixed principles provisions

6.1 This clause 6 sets out fixed principles provisions that apply to the six FADs contained in this document.

6.2 The six FADs contained in this document must not be varied so as to alter or remove any of the fixed principles provisions in this clause 6 except when the ACCC is satisfied that:

- (a) there is a manifest and material error in these fixed principles provisions;
- (b) any information on which these fixed principles provisions was based was false or misleading in a material respect; or
- (c) such amendment or adjustment is necessary or desirable to avoid an unintended consequence of these fixed principles provisions.

6.3 The below fixed principles provisions come into force on 1 July 2011.

6.4 The nominal termination date for the fixed principles provisions is 30 June 2021.

6.5 The opening regulatory asset base (RAB) for the calculation of prices for the relevant declared fixed line services is \$15,515,621,288 as at 1 July 2011 (in nominal terms).

6.6 The opening tax asset value for the calculation of prices for the relevant declared fixed line services is \$10,144,121,785 as at 1 July 2011 (in nominal terms).

6.7 Roll-forward mechanism

- (a) The RAB is to be rolled forward each year according to the formula below:

$$RAB_{t+1} = RAB_t + capex_t - depreciation_t - asset\ disposals_t$$

where RAB_{t+1} = opening RAB for the next regulatory year

RAB_t = opening RAB for the current year

$capex_t$ = forecast capital expenditure during the current year

$depreciation_t$ = regulatory depreciation during the current year

$asset\ disposals_t$ = asset disposals during the current year

- (b) Land asset values will be indexed by the Consumer Price Index (CPI) where it is available or by the forecast for the CPI used in the Fixed Line Services Model (FLSM) where actual CPI is not available. This will account for appreciation over time in land values.
 - (c) To roll forward RAB values in nominal terms, any variables that are specified in real terms will be indexed by the actual CPI where it is available or by the forecast for the CPI used in the FLSM where the actual CPI is not available.
 - (d) Any variables that are specified in nominal terms will not be indexed, with the exception of land values as specified above.
 - (e) In these fixed principles provisions ‘the FLSM’ means the FLSM as it may be varied from time to time or similar model used by the ACCC for the calculation of prices for the relevant declared services.
- 6.8 The annual revenue requirement for each regulatory period will comprise:
- (a) a return on the RAB calculated by multiplying the Weighted Average Cost of Capital (WACC) by the opening RAB for the regulatory year;
 - (b) a return of the RAB, that is regulatory depreciation, for that regulatory year;
 - (c) operating expenditure forecast to be incurred in that regulatory year; and
 - (d) an allowance for tax liabilities.
- 6.9 Under a building block model (BBM) approach, forecast operating expenditures should reflect prudent and efficient costs. The following matters are relevant to whether forecast operating expenditures reflect prudent and efficient costs:
- (a) the access provider’s level of operating expenditure in the previous regulatory period;
 - (b) reasons for proposed changes to operating expenditure from one regulatory period to the next regulatory period;
 - (c) any relevant regulatory obligations, or changes to such obligations, applicable to providing the relevant declared fixed line services; and
 - (d) any other matters relevant to whether forecast operating expenditures reflect prudent and efficient costs.
- 6.10 Under a BBM approach, forecast capital expenditures should reflect prudent and efficient costs. The following matters are relevant to whether capital expenditure forecasts reflect prudent and efficient costs:
- (a) the access provider’s level of capital expenditure in the previous regulatory period;
 - (b) reasons for proposed changes to capital expenditure from one regulatory period to the next regulatory period;
 - (c) whether the access provider’s asset management and planning framework reflects best practice;

- (d) any relevant regulatory obligations, or changes to such obligations, applicable to providing the relevant declared fixed line services; and
- (e) any other matters relevant to whether forecast capital expenditures reflect prudent and efficient costs.

6.11 Demand forecasts should:

- (a) be based on an appropriate forecasting methodology;
- (b) be based on reasonable assumptions about the key drivers of demand;
- (c) be determined utilising the best available information before the ACCC, including historical data that can identify trends in demand; and
- (d) be determined taking into account current demand and economic conditions.

6.12 Weighted average cost of capital

- (a) A vanilla WACC is used to estimate the return on capital.
- (b) The cost of equity is estimated using the Capital Asset Pricing Model.

6.13 Tax liabilities

- (a) The tax rate used in estimating tax liabilities in the FLSM will be set equal to the corporate tax rate specified in subsection 23(2) of the *Income Tax Rates Act 1986 (Cth)* as amended from time to time.

6.14 Cost allocation factors

- (a) The allocation of the costs of operating the PSTN should reflect the relative usage of the network by various services.
- (b) Direct costs should be attributed to the service to which they relate.
The cost allocation factors for shared costs should reflect causal relationships between supplying services and incurring costs.
- (c) No cost should be allocated more than once to any service
- (d) The determination of cost allocation factors should reflect the principles in 6.14 (a) – (c) above except where reliable information is not available to support the application of the principles.

6.15 The matters set out in the fixed principles provisions at clauses 6.7 – 6.14 inclusive are subject to assessment, calculation, implementation and/or application, as relevant, by the ACCC in making interim and final access determinations for the relevant declared services.

Schedule 8 – Billing and Notifications

- 8.1. The Access Seeker's liability to pay Charges for a Service to the Access Provider arises at the time the Service is supplied by the Access Provider to the Access Seeker, unless the parties agree otherwise.
- 8.2. The Access Seeker must pay Charges in accordance with this FAD, including but not limited to this Schedule 8.
- 8.3. Subject to clause 8.4, the Access Provider shall provide the Access Seeker with an invoice each month in respect of Charges payable for Services unless the parties agree otherwise.
- 8.4. As a statement of general principle, the Access Provider may invoice the Access Seeker more frequently than once a Month, where there has been a decline in the Access Seeker's creditworthiness as assessed in accordance with Schedule 9.
- 8.5. The Access Provider shall be entitled to invoice the Access Seeker for previously uninvoiced Charges or Charges which were understated in a previous invoice, provided that:
 - (a) the Charges to be retrospectively invoiced can be reasonably substantiated to the Access Seeker by the Access Provider; and
 - (b) subject to clause 8.6, no more than five Months have elapsed since the date the relevant amount was incurred by the Access Seeker's customer, except:
 - (i) where the Access Seeker gives written consent to a longer period (such consent not to be unreasonably withheld); or
 - (ii) to the extent that the Charges relate to services supplied by an overseas carrier and the Access Provider has no control over the settlement arrangements as between it and the overseas carrier, in which case the Access Provider shall invoice such amounts as soon as is reasonably practicable.
- 8.6. The parties must comply with the provisions of any applicable industry standard made by the ACMA pursuant to Part 6 of the *Telecommunications Act 1997* (Cth) and the provisions of any applicable industry code registered pursuant to Part 6 of the *Telecommunications Act 1997* (Cth) in relation to billing.
- 8.7. Subject to any Billing Dispute notified in accordance with this FAD, an invoice is payable in full 30 Calendar Days after the date the invoice was issued or such other date as agreed between the parties. The Access Seeker may not deduct, withhold, or set-off any amounts for accounts in credit, for counter-claims or for any other reason or attach any condition to the payment, unless otherwise agreed by the Access Provider. All amounts owing and unpaid after the due date shall accrue interest daily from the due date up to and

including the date it is paid at the rate per annum of the 90 day authorised dealers bank bill rate published in the *Australian Financial Review* on the first Business Day following the due date for payment, plus 2.5%.

- 8.8. In addition to charging interest in accordance with clause 8.7 or exercising any other rights the Access Provider has at law or under this FAD, where an amount is outstanding and remains unpaid for more than 20 Business Days after it is due for payment, and is not an amount subject to any Billing Dispute, the Access Provider may take action, without further notice to the Access Seeker, to recover any such amount as a debt due to the Access Provider. For the avoidance of doubt, this clause 8.8 shall be subject to the Billing Dispute Procedures.
- 8.9. Unless the parties otherwise agree, there shall be no setting-off (i.e. netting) of invoices except where a party goes into liquidation, in which case the other party may set-off. However, in order to minimise the administration and financial costs, the parties shall consider in good faith set-off procedures for inter-party invoices which may require the alignment of the parties' respective invoice dates and other procedures to allow set-off to occur efficiently.
- 8.10. The Access Provider must, at the time of issuing an invoice, provide to the Access Seeker all information reasonably required by the Access Seeker to identify and understand the nature and amount of each component of the invoice. Nothing in this clause 8.10 is intended to limit subsections 152AR(6) and 152AR(7) of the CCA.
- 8.11. If the Access Seeker believes a Billing Dispute exists, it may, by written notice to the Access Provider, invoke the Billing Dispute Procedures (**Billing Dispute Notice**). A Billing Dispute must be initiated only in good faith.
- 8.12. Except where a party seeks urgent injunctive relief, the Billing Dispute Procedures must be invoked before either party may begin legal or regulatory proceedings in relation to any Billing Dispute.
- 8.13. If a Billing Dispute Notice is given to the Access Provider by the due date for payment of the invoice containing the Charge which is being disputed, the Access Seeker may withhold payment of the disputed Charge until such time as the Billing Dispute has been resolved. Otherwise, the Access Seeker must pay the invoice in full in accordance with this FAD (but subject to the outcome of the Billing Dispute Procedures).
- 8.14. Except where payment is withheld in accordance with clause 8.13, the Access Provider is not obliged to accept a Billing Dispute Notice in relation to an invoice unless the invoice has been paid in full.
- 8.15. A Billing Dispute Notice may not be given to the Access Provider in relation to a Charge later than six Months after the due date for the invoice for the Charge issued in accordance with 8.7.

- 8.16. The Access Provider shall acknowledge receipt of a Billing Dispute Notice within two Business Days by providing the Access Seeker with a reference number.
- 8.17. Each party shall, as early as practicable after a Billing Dispute Notice, provide to the other party any relevant materials on which it intends to rely (provided that this obligation is not intended to be the same as the obligation to make discovery in litigation).
- 8.18. The Access Provider shall try to resolve any Billing Dispute as soon as practicable and in any event within 30 Business Days of receipt of a Billing Dispute Notice (or longer period if agreed by the parties), by notifying the Access Seeker in writing of its proposed resolution of a Billing Dispute. That notice shall explain the Access Provider's proposed resolution and any action to be taken by:
 - (a) the Access Provider (e.g. withdrawal, adjustment or refund of the disputed Charge); or
 - (b) the Access Seeker (e.g. payment of the disputed Charge).
- 8.19. Any withdrawal, adjustment or refund of the disputed Charge by the Access Provider or payment of the disputed Charge by the Access Seeker (as the case may be) must occur within as soon as practicable and in any event within one Month of the Access Provider's notice, unless the Access Seeker escalates the Billing Dispute under clause 8.23.
- 8.20. Where the Access Provider is to refund a disputed Charge, the Access Provider shall pay interest (at the rate set out in clause 8.7) on any refund. Interest shall accrue daily from the date on which each relevant amount to be refunded was paid to the Access Provider, until the date the refund is paid.
- 8.21. Where the Access Seeker is to pay a disputed Charge, the Access Seeker shall pay interest (at the rate set out in clause 8.7) on the amount to be paid. Interest shall accrue daily from the date on which each relevant amount was originally due to be paid to the Access Provider, until the date the amount is paid.
- 8.22. If the Access Seeker is not satisfied with the Access Provider's proposed resolution in relation to a Billing Dispute, or if the Access Provider has not provided the Access Seeker with a proposed resolution to the Billing Dispute within the timeframe set out in clause 8.18, the Access Seeker may escalate the matter under clause 8.23. If the Access Seeker does not do so within 30 Business Days of being notified of the Access Provider's proposed resolution (or a longer period if agreed by the parties), the Access Seeker shall be deemed to have accepted the Access Provider's proposed resolution and clauses 8.20 and 8.21 shall apply.
- 8.23. If the Access Seeker wishes to escalate a Billing Dispute, the Access Seeker must give the Access Provider a written notice:

- (a) stating why it does not agree with the Access Provider's proposed resolution; and
 - (b) seeking escalation of the Billing Dispute.
- 8.24. A notice under clause 8.23 must be submitted to the nominated billing manager for the Access Provider, who shall discuss how best to resolve the Billing Dispute with the Access Seeker's nominated counterpart.
- 8.25. If the escalated matter cannot be resolved under clause 8.24 within five Business Days of notice being given under clause 8.23:
 - (a) either party may provide a written proposal to the other party for the appointment of a mediator to assist in resolving the dispute. Mediation shall be conducted in accordance with the mediation guidelines of the ACDC and concluded within three Months of the proposal (unless the parties agree to extend this timeframe); or
 - (b) if the parties either do not agree to proceed to mediation or are unable to resolve the entire Billing Dispute by mediation, either party may commence legal or regulatory proceedings to resolve the matter.
- 8.26. The parties shall ensure that any person appointed or required to resolve a Billing Dispute shall take into account the principle that the Access Seeker shall be entitled to be recompensed in circumstances where the Access Seeker is prevented (due to regulatory restrictions on retrospective invoicing) from recovering from its end-user an amount which is the subject of a Billing Dispute (a **Backbilling Loss**), provided that:
 - (a) such principle shall apply only to the extent to which the Billing Dispute is resolved against the Access Provider; and
 - (b) such principle shall apply only to the extent to which it is determined that the Backbilling Loss was due to the Access Provider unnecessarily delaying resolution of the Billing Dispute.
- 8.27. Each party must continue to fulfill its obligations under this FAD while a Billing Dispute and the Billing Dispute Procedures are pending.
- 8.28. All discussions and information relating to a Billing Dispute must be communicated or exchanged between the parties through the representatives of the parties set out in clause 8.24 (or their respective nominees).
- 8.29. There shall be a presumption that all communications between the parties during the course of a Billing Dispute are made on a without prejudice and confidential basis.
- 8.30. If it is determined by the Billing Dispute Procedures, any other dispute resolution procedure, or by agreement between the parties, that three or more out of any five consecutive invoices for a given Service are incorrect by 5% or more, then, for the purposes of clause 8.20, the interest payable by the Access Provider in respect of the overpaid amount of the invoices in question shall be

the rate set out in clause 8.7, plus 2%. The remedy set out in this clause 8.30 shall be without prejudice to any other right or remedy available to the Access Seeker.

- 8.31. If three or more out of any five consecutive invoices for a given Service are incorrect by 5% or more, then without prejudice to any other right or remedy available to the Access Seeker, the Access Provider shall be deemed to have breached this FAD and the Access Seeker shall have a right to damages for such a breach.

Schedule 9 – Creditworthiness and Security

- 9.1. Unless otherwise agreed by the Access Provider, the Access Seeker must (at the Access Seeker's sole cost and expense) provide to the Access Provider and maintain, on terms and conditions reasonably required by the Access Provider and subject to clause 9.2, the Security (as shall be determined having regard to clause 9.3 and as may be varied pursuant to clause 9.4) in respect of amounts owing by the Access Seeker to the Access Provider under this FAD.
- 9.2. The Access Seeker acknowledges that unless otherwise agreed by the Access Provider, it must maintain (and the Access Provider need not release) the Security specified in clause 9.1 for a period of six Months following the last to occur of: cessation of supply of a Service or Services under this FAD, and payment of all outstanding amounts under this FAD.
- 9.3. The Security (including any varied Security) shall only be requested when it is reasonably necessary to protect the legitimate business interests of the Access Provider and shall be of an amount and in a form which is reasonable in all the circumstances. As a statement of general principle the amount of any Security shall be calculated by reference to:
- (a) the aggregate value of all Services likely to be provided to the Access Seeker under this FAD over a reasonable period; or
 - (b) the value of amounts invoiced under this FAD but unpaid (excluding any amounts in respect of which there is a current Billing Dispute).
- For the avoidance of doubt, any estimates, forecasts or other statements made or provided by the Access Seeker may be used by the Access Provider in determining the amount of a Security.
- 9.4. Examples of appropriate forms of security, having regard to the factors referred to in clause 9.3, may include without limitation:
- (a) fixed and floating charges;
 - (b) personal guarantees from directors;
 - (c) bank guarantees;
 - (d) letters of comfort;
 - (e) mortgages;
 - (f) a right of set-off; or
 - (g) a combination of the forms of security referred to in paragraphs (a) to (f) above.
- 9.5. The Access Provider may from time to time where the circumstances reasonably require, request Ongoing Creditworthiness Information from the

Access Seeker to determine the ongoing creditworthiness of the Access Seeker. The Access Seeker must supply Ongoing Creditworthiness Information to the Access Provider within 15 Business Days of receipt of a request from the Access Provider for such information. The Access Provider may, as a result of such Ongoing Creditworthiness Information, having regard to the factors referred to in clause 9.3 and subject to clause 9.7, reasonably require the Access Seeker to alter the Security, and the Access Seeker must provide that altered Security within 20 Business Days of being notified by the Access Provider in writing of that requirement.

- 9.6. The Access Seeker may from time to time request the Access Provider to consent (in writing) to a decrease in the required Security and/or alteration of the form of the Security. The Access Provider must, within 15 Business Days of the Access Seeker's request, comply with that request if, and to the extent, it is reasonable to do so (having regard to the factors referred to in clause 9.3). The Access Provider may request, and the Access Seeker shall promptly provide, Ongoing Creditworthiness Information, for the purposes of this clause 9.6.
- 9.7. In the event that the Access Seeker provides Ongoing Creditworthiness Information to the Access Provider as required by this Schedule 9, the Access Seeker must warrant that such information is true, fair, accurate and complete as at the date on which it is received by the Access Provider.
- 9.8. For the purposes of this Schedule 9, **Ongoing Creditworthiness Information** means:
- (a) a copy of the Access Seeker's most recent published audited balance sheet and published audited profit and loss statement (together with any notes attached to or intended to be read with such balance sheet or profit and loss statement);
 - (b) a credit report in respect of the Access Seeker or, where reasonably necessary in the circumstances, any of its owners or directors (Principals) from any credit reporting agency, credit provider or other independent party. The Access Seeker shall co-operate and provide any information necessary for that credit reporting agency, credit provider or other independent party to enable it to form an accurate opinion of the Access Seeker's creditworthiness. To that end, the Access Seeker agrees to procure written consents (as required under the *Privacy Act 1988* (Cth)) from such of its Principals as is reasonably necessary in the circumstances to enable the Access Provider to:
 - (i) obtain from a credit reporting agency, credit provider or other independent party, information contained in a credit report;
 - (ii) disclose to a credit reporting agency, credit provider or other independent party, personal information about each Principal; and
 - (iii) obtain and use a consumer credit report;

- (c) a letter, signed by the company secretary or duly authorised officer of the Access Seeker, stating that the Access Seeker is not insolvent and not under any external administration (as defined in the *Corporations Act 2001* (Cth)) or under any similar form of administration under any laws applicable to it in any jurisdiction; and
 - (d) the Access Seeker's credit rating, if any has been assigned to it.
- 9.9. The Access Seeker may require a confidentiality undertaking to be given by any person having access to confidential information contained in its Ongoing Creditworthiness Information prior to such information being provided to that person.
- 9.10. Subject to this Schedule 9, the Access Provider may, in its absolute discretion, deem a failure by the Access Seeker to provide Ongoing Creditworthiness Information or an altered Security in accordance with clause 9.5 as:
 - (a) an event entitling the Access Provider to alter the Security of the Access Seeker; or
 - (b) a breach of a material term or condition of this FAD.
- 9.11. Any disputes arising out of or in connection with Schedule 9 shall be dealt with in accordance with the procedures in Schedule 10.

 - (c) after a period of five Business Days after the mediation is terminated as referred to in paragraph (b), the parties do not resolve the Non-Billing Dispute or agree in writing on an alternative procedure to resolve the Non-Billing Dispute (whether by further mediation, written notice to the Expert Committee, arbitration or otherwise) either party may terminate the operation of this dispute resolution procedure in relation to the Non-Billing Dispute by giving written notice of termination to the other party.

- 10.6. A party may not commence legal proceedings in any court or commence any arbitration (except proceedings seeking urgent interlocutory relief) in respect of a Non-Billing Dispute unless:

 - (b) the other party has failed to substantially comply with the dispute resolution procedure set out in this Schedule 10 or clause 10.2 (if applicable).
- 10.7. Each party must continue to fulfill its obligations under this FAD while a Non-Billing Dispute and any dispute resolution procedure under this Schedule 10 are pending.

- 10.9. Each party shall, as early as practicable after the notification of a Non-Billing Dispute pursuant to clause 10.3, provide to the other party any relevant materials on which it intends to rely (provided that this obligation is not intended to be the same as the obligation to make discovery in litigation).
- 10.10. Where a Non-Billing Dispute is referred to mediation by way of written agreement between the parties, pursuant to clause 10.4(b):
- (a) any agreement shall include:

 - (ii) the procedure to be followed during the mediation,and the mediation must take place within 15 Business Days upon the receipt by the mediator of such agreement;
 - (b) it must be conducted in accordance with the mediation guidelines of the ACDC in force from time to time (**ACDC Guidelines**) and the provisions of this clause 10.10. In the event of any inconsistency between them, the provisions of this clause 10.10 shall prevail;
 - (c) it is to be conducted in private;
 - (d) in addition to the qualifications of the mediator contemplated by the ACDC Guidelines, the mediator should:
 - (i) have an understanding of the relevant aspects of the telecommunications industry (or have the capacity to quickly come to such an understanding);

 - (iii) not be an officer, director or employee of a telecommunications company or otherwise have a potential for a conflict of interest;
- (e) the parties must notify each other no later than 48 hours prior to mediation of the names of their representatives who shall attend the mediation. Nothing in this subclause is intended to suggest that the parties are able to refuse the other's chosen representatives or to limit other representatives from the parties attending during the mediation;
- (f) it shall terminate in accordance with the ACDC Guidelines;
- (g) the parties shall bear their own costs of the mediation including the costs of any representatives and shall each bear half the costs of the mediator; and
- (h) any agreement resulting from mediation shall bind the parties on its terms.
- 10.11. The parties may by written agreement in accordance with clause 10.4(b), submit a Non-Billing Dispute for resolution by an Expert Committee (**Initiating Notice**), in which case the provisions of this clause 10.11 shall apply as follows:
- (a) The terms of reference of the Expert Committee shall be as agreed by the parties. If the terms of reference are not agreed within five Business Days after the date of submitting the Initiating Notice (or such longer period as agreed between the parties), the referral to the Expert Committee shall be deemed to be terminated.

- 11.9. Confidential Information provided by one party to the other party is provided for the benefit of that other party only. Each party acknowledges that no warranty is given by the Disclosing Party that the Confidential Information is or will be correct.
- 11.10. Each party acknowledges that a breach of this Schedule by one party may cause another party irreparable damage for which monetary damages would not be an adequate remedy. Accordingly, in addition to other remedies that may be available, a party may seek injunctive relief against such a breach or threatened breach of this Schedule 11.
- 11.11. If the Access Seeker believes there is *prima facie* evidence which tends to show that the Access Provider has used, is using or is likely to use Confidential Information relating to the Access Seeker's end-users for a purpose other than as permitted under clause 11.4, the Access Seeker may invoke the audit procedures set out in this clause 11.11 as follows:

- (f) The Independent Auditor shall be required to give a confidentiality undertaking to the Access Provider in terms as set out in Annexure 1 of this Schedule 11.
- (g) The Independent Auditor's first task shall be to determine whether there is *prima facie* evidence which tends to show that the Access Provider has used, is using or is likely to use Confidential Information relating to the Access Seeker's end-users for a purpose other than as permitted under clause 11.4. The Independent Auditor may obtain advice from a barrister or solicitor (who does not act for and has not acted for either of the parties in relation to any matter in question) in determining whether such *prima facie* evidence exists.
- (h) If the Independent Auditor so determines, then he/she shall be required to proceed with the audit.
- (i) If the Independent Auditor is required to proceed with the audit in accordance with clause 11.11(h), he/she shall be required to consult the Access Provider over the most expeditious means by which to conduct an audit of the Access Provider's systems (including but not limited to its computer systems, databases, records and processes) for the purpose specified in clause 11.11(c), and to thereafter conduct the audit as he/she considers appropriate.
- (j) The audit shall be conducted expeditiously and in any event for no longer than 20 Business Days (excluding any delays caused by the Access Provider).
- (k) The Access Provider must permit the Independent Auditor to audit and inspect its systems (including but not limited to its computer systems, databases, records and processes) and the Access Provider must provide the Independent Auditor with such assistance as he/she reasonably requires in order to conduct the audit.
- (l) At the conclusion of the audit, the Independent Auditor shall be required to provide a report to both parties setting out his/her findings and conclusions as to whether the Access Provider has used, is using or is likely to use Confidential Information relating to the Access Seeker's end-users for a purpose other than as permitted under clause 11.4.

- (m) If the Independent Auditor's report contains Confidential Information of the Access Provider, then he/she will mask such information in the version of the report provided to the Access Seeker, provided that the Access Seeker's solicitors are given an unmasked copy of the report (subject to them first giving a confidentiality undertaking to the Access Provider in terms as set out in Annexure 1 of this Schedule 11 to the FAD).

- (n) The parties acknowledge that the Independent Auditor's report shall be prima facie evidence of the matters contained in the report and (subject to any obligation of confidence attaching to the report or the information contained therein) may be used in connection with any dispute concerning whether the Access Provider has used, is using or is likely to use Confidential Information relating to the Access Seeker's end-users for a purpose other than as permitted under clause 11.4.

- (b) is without prejudice to any rights, liabilities or obligations of any party which have accrued up to the date of cessation.

14.10. Without prejudice to the parties' rights upon termination of the supply of a Service under this FAD, or expiry or revocation of this FAD, the Access Provider must refund to the Access Seeker a fair and equitable proportion of those sums paid under this FAD by the Access Seeker which are periodic in nature and have been paid for a Service for a period extending beyond the date on which the supply of a Service under this FAD terminates, or this FAD ceases to have effect, subject to any invoices or other amounts outstanding from the Access Seeker to the Access Provider. In the event of a dispute in relation to the calculation or quantum of a fair and equitable proportion, either

party may refer the matter for dispute resolution in accordance with the dispute resolution procedures set out in Schedule 10 of this FAD.

Schedule 15 – Changes to operating manuals

15.1. Operational documents concerning the ULLS may be amended:

- (a) by the Access Provider from time to time to implement or reflect a change to its standard processes, subject to:
 - (i) giving 20 Business Days prior written notice to the Access Seeker including a documented list of all amendments, and a marked-up copy of the proposed new operational document that clearly identifies all amendments; and
 - (ii) allowing the Access Seeker to provide comments during the notice period on the proposed amendments, and giving reasonable consideration to any comments which the Access Seeker has made on the proposed amendments; and
- (b) otherwise, by agreement of the parties.

Note: operational documents concerning the ULLS include (i) *The Telstra Operations and Maintenance Manual Part 16 Fault Management Procedures for Telstra Unconditioned Local Loop Service*; and (ii) *The Telstra Ordering and Provisioning Manual Part 16 Telstra Unconditioned Local Loop Service Operations Manual and any replacement document*

15.2. Upon completion of the process set out in clause 15.1, the Access Provider must give the Access Seeker a copy of the new operational document.

15.3. Where operational documents concerning the ULLS are amended in accordance with clause 15.1 and the Access Seeker believes that the amendments:

- (a) are unreasonable; or
- (b) deprive the Access Seeker of a fundamental part of its rights contained in this FAD;

the Access Seeker may seek to have the matter resolved in accordance with the dispute resolution procedures set out in Schedule 10 of this FAD.

Schedule 16 – Ordering and provisioning

Provisions to apply to Managed Network Migrations (MNM) to the ULLS and the LSS

Minimum number of services

- 16.1. Except where the parties agree otherwise, it is at the discretion of the Access Seeker whether a particular Service is to be connected as part of an MNM, or outside of a MNM.
- 16.2. The Access Seeker will notify the Access Provider at the time the order is made whether a particular Service is to be connected as part of an MNM or outside of a MNM.
- 16.3. Except where the parties agree otherwise, there is no minimum number of services required as a pre-requisite for requesting an MNM.

Migration plan terms (forecasting timeframes)

- 16.4. Unless the parties agree otherwise, the period of notice that an Access Seeker must give for an MNM is 56 Calendar Days.
- 16.5. Subject to clause 16.6, the Access Provider must not cancel an MNM where the number of Services to be cutover as specified in the 20 Business Day forecast differs to the number of Services specified in the 56 Calendar Day forecast.
- 16.6. If the cutover of Services cannot occur within the 56 Calendar Day forecast period because of a significant variation between the 56 Calendar Day forecast and the 20 Business Day forecast, the Access Provider must take all reasonable steps to ensure that cutover occurs as soon as practicable following the conclusion of that period.
- 16.7. For the purpose of this determination a reference to a significant variation refers to a variation of more than 10 per cent of the MNM forecast.

Note: For instance the cutover may not occur because of a significant variation between the 56 Calendar Day forecast and the 20 Business Day forecasts

Connections outside Business Hours

- 16.8. Except where the parties agree otherwise, it is at the discretion of the Access Seeker whether a particular Service is to be connected within Business Hours or outside of Business Hours.

Note: additional charges may be payable for work done outside of Business Hours.

Limits on number of exchanges per state per day at which MNM cutovers can be scheduled

- 16.9. Except where the parties otherwise agree, and subject to clause 16.10, the Access Provider must not refuse to schedule a cutover for an MNM at an Exchange because the Access Seeker has requested an MNM cutover at another Exchange or other Exchanges in that state on the same day.
- 16.10. The Access Provider may refuse a requested MNM cutover date where it would be inconsistent with a capacity limitation notice (**Limitation Notice**) it has published.
- 16.11. The Limitation Notice must specify:
- (a) the limit that is to apply;
 - (b) the period and the ESAs to which it applies; and
 - (c) the reasons for the limit being necessary by reference to forecast demand and available capacity.
- 16.12. The Limitation Notice lapses 60 Calendar Days after it is published, unless withdrawn earlier.
- Note: Another Limitation Notice may be issued to replace a lapsed notice.
- 16.13. The Access Provider must not unreasonably refuse to vary or withdraw the Limitation Notice on the request of an Access Seeker.
- 16.14. Where an Access Seeker disagrees with a decision made by the Access Provider not to vary or withdraw the Limitation Notice, the Access Seeker may seek dispute resolution in accordance with the dispute resolution procedures set out in Schedule 10 of this FAD.

Capacity Limits on ULLS provisioning

- 16.15. Except where the parties otherwise agree, and subject to clause 16.16, the Access Provider must not unreasonably limit the number of Services that can be provisioned per day at a particular Exchange and must use its best endeavors to supply all requested cutovers for a particular day.
- 16.16. The Access Provider may refuse a requested cutover for a Service at a particular Exchange where it is not reasonably able to perform the cutover on that day having regard to the volume of work orders, for that Exchange or for all Exchanges, and the labour that is available on that day, subject to the Access Provider performing the cutover the following Business Day.

Advice regarding Complex Services affecting ULLS orders

- 16.17. Except where the parties agree otherwise, where:

- (a) an Access Seeker has submitted a ULLS request; and
- (b) the Service Qualification query fails due to the presence of Complex Services on the line,

the Access Provider will provide to the Access Seeker a list of the Complex Services present on the line at the time it advises the Access Seeker of the results of the Service Qualification query.

New ULLS ordering and provisioning processes

LSS to ULLS Transfer processes

Scope

16.18. Except where the parties subsequently agree otherwise, clauses 16.18 to 16.23 apply where an Access Seeker requests the Transfer of a LSS to a ULLS from the Access Provider.

Terms

16.19. The Access Seeker must provide instructions about whether or not the Transfer should occur as part of a MNM in accordance with the MNM forecasting timeframes and notice periods specified in clauses 16.4 to 16.7 of this FAD, or as otherwise agreed between the parties.

16.20. The Access Provider must take all reasonable efforts to comply with the Access Seekers instructions provided pursuant to clause 16.19.

16.21. Both the Access Provider and the Access Seeker must allow for the Transfer of the LSS to ULLS in accordance with the following minimum characteristics:

- (a) the period in which a LSS to ULLS Transfer is performed (that is, the period in which a LSS is disconnected and a ULLS is connected) will be no longer than four hours;
- (b) a Transfer must not require end-user involvement with the Access Provider (including, without limitation, the making of a telephone call or sending of correspondence by the end-user to the Access Provider). A request for a LSS to ULLS Transfer will be deemed a cancellation of any existing PSTN line rental and LSS provided the Access Seeker has obtained the necessary customer authority for the cancellation of end-user PSTN services;
- (c) a Transfer is commenced and executed by a single provisioning order from the Access Seeker to the Access Provider; and

- (d) the Access Provider will charge the Access Seeker a single charge for undertaking a LSS to ULLS Transfer whether the Transfer occurs as a single connection or as part of an MNM.

16.22. The Access Provider must ensure that the development and implementation of the LSS to ULLS Transfer process will result in no changes to how the Access Seeker currently interfaces to the ULLS Carrier Interface System (ULLCIS).

Application

16.23. Clauses 16.19 to 16.22 commence on 15 September 2011, unless a prescribed LSS to ULLS Transfer process is established on an earlier date by the Access Provider, in which case clauses 16.19 to 16.22 commence on the date the prescribed LSS to ULLS Migration process is established by the Access Provider.

Note: The commencement date of this clause aligns with similar provisions contained in final determinations between Telstra and a number of Access Seekers in the context of access disputes involving the ULLS. Some of these final determinations have been published by the ACCC and are available on its website.

Connect Outstanding process for ULLS orders

16.24. Except where the parties agree otherwise, the Access Provider will support a Connect Outstanding process for the ULLS, by no later than six Months from the Commencement Date.

16.25. The Connect Outstanding process for the ULLS must:

- (a) support the cancellation of an existing service on a line upon the Access Provider receiving from the Access Seeker advice that the Access Seeker has obtained Proof of Occupancy; and,
- (b) facilitate the connection of a ULLS in response to a ULLS request submitted by an Access Seeker in respect of that line.
