Dear Andrew

Notice pursuant to paragraph 95Z(6)(b) of the *Competition and Consumer Act 2010* in response to Airservices Australia's price notification dated 10 June 2014

I refer to the locality notice (price notification) provided to the Australian Competition and Consumer Commission (ACCC) on 10 June 2014 by Airservices Australia (Airservices) pursuant to section 95Z(5) of the *Competition and Consumer Act 2010* (CCA).

On 25 June 2014, the ACCC decided not to object to the proposed price changes for Airservices' en route navigation (en route), terminal navigation (TN) and aviation rescue and fire fighting (ARFF) services. The new prices were proposed to take effect from 1 July 2014.

The prices in the locality notice are generally consistent with the annual price changes considered as part of the 2011 Long Term Pricing Agreement (LTPA). In addition, Airservices continues to make progress against its LTPA commitments to improve the way in which it consults with stakeholders on capital expenditure.

The decision document setting out the reasons for the ACCC's decision is included as an attachment to this letter and will be published on the ACCC's website at www.accc.gov.au/aviation. The decision paper will also be included in the public register kept under section 95ZC of the CCA. We will also notify Pricing Consultative Committee members of this decision.

Should you wish to discuss this matter, please contact me on (03) 9290 1973 or at lyn.camilleri@accc.gov.au.

Yours sincerely
