Dear Andrew

**Notice pursuant to paragraph 95Z(6)(b) of the Competition and Consumer Act 2010  
in response to Airservices Australia's price notification dated 4 June 2015**

I refer to the locality notice (price notification) provided to the Australian Competition and Consumer Commission (ACCC) on 4 June 2015 by Airservices Australia (Airservices) pursuant to section 95Z(5) of the Competition and Consumer Act 2010 (CCA).

On 17 June 2015, the ACCC decided not to object to the proposed price changes for Airservices' en route navigation, terminal navigation and aviation rescue and fire-fighting services. The new prices were proposed to take effect from 1 July 2015.

The prices in the locality notice are generally consistent with the annual price changes considered as part of the 2011 Long Term Pricing Agreement. In addition, Airservices' consultation with the Pricing Consultative Committee on capital expenditure has been generally satisfactory.

The decision document setting out the reasons for the ACCC's decision is included as an attachment to this letter and will be published on the ACCC's website at <https://www.accc.gov.au/regulated-infrastructure/airports-aviation>. The decision paper will also be included in the public register kept under section 95ZC of the CCA. We will also notify Pricing Consultative Committee members of this decision.

Should you wish to discuss this matter, please contact me on (03) 9290 6924 or at [matthew.schroder@accc.gov.au](mailto:matthew.schroder@accc.gov.au).

Yours sincerely
