DEALER INCOME & PROMOTIONAL PLAN

Introduction

Before we get started in the income structure, it is important that you understand the following:

Volume:

Total monthly spent on National & International Telephone Calls from user's home, business phones and calling cards

Types of Income

You will receive 4 forms of income as follows:

- 1. Royalties from your individual volume.
- 2. Royalties from your organisation's volume
- 3. Individual Recruitment Bonus
- 4. Organisation Recruitment Bonus

1. Royalties from your individual volume

This is the best sort of income you can ever generate. Not many people in the world receive a royalty income. It is something that you only have to do once, and you continue to be paid for a long time. It is like the Beatles for example, they spent hours recording an album, many years ago and still today they are still receiving income from that album, because they receive royalties every time an album is sold any where in the world. Another example is Ray Crock, the founder of McDonalds™, his family is probably receiving a million dollars a day every day without having to fry any hamburgers. That is possible because as founders of McDonalds™, they receive a royalty from every hamburger sold by a $\mathsf{McDonalds^{\mathsf{TM}}}$ outlet throughout the world. In this business, you will receive a royalty income as well. Every time you sign up a customer you will receive a percentage of their phone bill every month for as long as they are your customers and for as long as they use the phone. Take Telstra™ for example, every time you pick up the phone an make a call, Telstra™ will make a profit. All they did was send a technician out to connect your phone line and they are continuously making money every time you use the phone.

Once you introduce a business or home to the Global One savings program, you will receive a percentage of their monthly telephone bill, for as long as they continue to use the phone. Your royalty percentage increases as your total monthly volume increases as follows:

Total volume	Royalty %	
\$ 0 - \$ 99.999 \$100.000 - \$199.999 \$200.000 +	2% 3% 4%	

Remember, the total monthly volume increases every time you introduce a new customer or a new Dealer because their monthly volume is added to the total monthly volume on a accumulative basis. If a dealer in your organisation quits and doesn't renew their yearly registration fee, his or her total monthly volume automatically gets transferred to the next dealer in line. So if you are the next dealer in line, it will be added to your individual total monthly volume which you will receive royalty payments on every month.

2. Royalties on your organisation's volume

This income is only eligible Executive Dealer's and higher. The best way to increase your income is to recruit as many dealers as possible and duplicate the system. By doing this you are able to expand your business much faster then doing it yourself. Royalties on your organisation's monthly volume means that you will receive a royalty payment on every single Dealer and its customers monthly phone bill in your organisation. Your royalty percentage increases as your Dealer level increases as follows:

Royalty %

0.5%	
1%

Regardless of the Dealer level you are at, a \$50 once off bonus will be paid to you every single time you appoint a new dealer personally. There is no limit to how many new Dealers you can appoint personally. The more you appoint the faster your business will grow and the more money you will make.

At Dealer level, you do not receive any recruitment bonus should another Dealer in your organisation appoint a new Dealer.

4. Organisation Recruitment Bonus

This income is applicable to only Executive Dealers and higher. Organisation Recruitment Bonus means that you receive a bonus for every new Dealer recruited in your organisation. However the same rule applies, you cannot receive a bonus from another Dealer and its organisation who is on the same or higher level than yourself. The higher the Dealer level you are at, the smaller the bonus gets as follows:

Dealer Level	Bonus
Dealer Executive Dealer Crown Executive Chief Executive Executive Director	NIL \$20 per new Dealer \$15 per new Dealer \$10 per new Dealer \$ 5 per new Dealer
