

**TRADE PRACTICES ACT 1974****UNDERTAKING TO THE AUSTRALIAN COMPETITION AND CONSUMER  
COMMISSION GIVEN FOR THE PURPOSES OF SECTION 87B****BY****MACPAC WILDERNESS EQUIPMENT LIMITED****PERSON GIVING UNDERTAKING**

1. This undertaking is given to the Australian Competition and Consumer Commission ( the ACCC ) by Macpac Wilderness Equipment Limited (CH/ 925631) ( Macpac ) of 11 Moncur Place, Christchurch, New Zealand, under section 87B of the Trade Practices Act 1974 ( the Act ).

**BACKGROUND**

2. Macpac supplies a range of Macpac brand down sleeping bags and down clothing items in the Australian outdoor adventure product market.
3. Macpac promotes its down sleeping bags and clothing items through representations including 100% Goose Down , 95/5 down , and 90/10 down .
4. To test the accuracy of the 100% down content claims made by Macpac, the ACCC purchased a Macpac sleeping bag described in Macpac promotional material and product labelling as containing 100% goose down, and arranged professional testing of the sleeping bag in accordance with recognised testing procedures for down products.
5. The results of the testing on the Macpac sleeping bag showed that it contained 89.1% goose down, less goose down than the represented 100%.
6. Macpac has advised the ACCC that its various 100% down content claims were made in reliance on its interpretation of labelling percentage tolerances contained in Australian Standard (AS) 2479-1987 and that it had not intended to mislead or deceive consumers.
7. Following its investigation into the 100% down content representations made by Macpac, the ACCC considered that these representations are false and misleading to consumers and accordingly, likely constitute conduct in contravention of sections 52, 53(a) and 55 of the Act.
8. Macpac acknowledges the ACCC s concerns that its various 100% down content claims are false and liable to mislead consumers, and may contravene sections 52, 53(a) and 55 of the Act.

## UNDERTAKING

9. In consequence of the matters referred to above, Macpac gives the following undertaking to the ACCC pursuant to section 87B of the Act:
- 9.1 Macpac undertakes to the ACCC, that for a period of 3 years, it will not:
- (a) promote that any of its down sleeping bags or clothing items contain 100% down, given that normal commercial manufacturing processes are very unlikely to achieve this percentage of down content;
  - (b) make any other representations as to down content percentage which include any down content percentage tolerance or allowance; and
  - (c) make any representations as to down percentage content and/or specie that it cannot substantiate by way of testing of finished down products derived from each shipment of down, or finished down products, purchased by Macpac ( finished down products refers to down products where the manufacturing process has been completed). Such testing is to be conducted by an International Down & Feather Bureau (IDFB) accredited testing organisation.
- 9.2 Macpac will use its best endeavours to ensure that all Macpac down product labelling and promotional material in the possession of Australian retail outlets supplied by Macpac does not display any false or misleading representations as to down percentage content and/or specie.
- 9.3 Macpac will place on its internet web-site for 3 months following the commencement of this undertaking a corrective notice as set out in *Annexure A* to this undertaking.
- 9.4 Macpac will, within 20 days of the commencement of this undertaking, in conjunction with certain other outdoor down products companies, place a corrective advertisement in the form set out in *Annexure A* to this undertaking in a Saturday or Sunday edition of the largest circulation daily capital city newspaper in each State and Territory in Australia in which Macpac s sleeping bags have been sold. The corrective advertisement will be placed within the first ten pages of each newspaper, and will be of a size of at least 20cm x 11cm (or equivalent area), with minimum 9 point font size. The heading of the corrective newspaper advertisement will be at least 2 point font size larger than the other text.
- 9.5 Macpac will provide the ACCC, within 7 days after the publication date of each corrective newspaper advertisement, with a copy of the corrective newspaper advertisement.

### **Trade Practices Compliance Program undertaking**

- 9.6 Macpac will, within 3 months of this undertaking being accepted, establish and implement a Trade Practices Compliance Program in accordance with the

requirements set out in *Annexure B* for the officers, employees and other persons involved in Macpac's business who have contact with Australian resellers or consumers of Macpac products, or who are involved in the marketing or promotion of Macpac products supplied into the Australian market. The Compliance Program is designed to ensure awareness of Macpac's responsibilities in relation to the requirements of sections 52, 53(a) and 55 of the Act, and to minimise Macpac's risk of future breaches of sections 52, 53(a) and 55 of the Act.

- 9.7 Macpac will maintain and continue to implement the Trade Practices Compliance Program for a period of 3 years from the date of this undertaking coming into effect.
- 9.8 Macpac will provide, at its own expense, a copy of any documents required by the ACCC in accordance with Annexure B.

#### **COMMENCEMENT OF UNDERTAKING**

10. This undertaking comes into effect on the date on which:
- (a) the undertaking is executed by Macpac; and
  - (b) the ACCC accepts the undertaking so executed.

#### **ACKNOWLEDGEMENTS**

11. Macpac acknowledges the ACCC's right to make this undertaking available for public inspection and notes that the ACCC will, at its discretion, from time to time, publish and publicly refer to this undertaking.

#### IMPORTANT NOTICE

#### DOWN CONTENT LABELLING OF SLEEPING BAGS

The Australian Competition and Consumer Commission (ACCC) has brought to our attention that sample testing of our sleeping bags showed that they contained significantly less than the percentage of goosedown or down that we have claimed — such as 100% or minimum 90% .

Accordingly, the ACCC has advised us that the goosedown or down content claims that we have made are likely to be in contravention of the *Trade Practices Act* which requires that any claims made be accurate and not misleading to consumers.

While we believed that the 100% or 90% goosedown or down content claims that we made for our sleeping bags were permitted under the Australian Standard 2479-1987, (*Down and/or feather filling materials and filled products*), we fully acknowledge the ACCC s concerns and apologise to consumers who consider that they may have been misled by the claims that we made.

We have undertaken to the ACCC that where in future we specify a percentage (or percentage range) of goosedown or down this will accurately reflect the minimum amount of goosedown or down present in our sleeping bags. Consumers with any queries about the down content of the sleeping bag they have purchased should contact the relevant company for further information.

This corrective advertisement has been jointly placed by Adventure One Pty Ltd, Arthur Ellis Limited, Kathmandu Pty Ltd, Macpac Wilderness Equipment Limited, Mont Adventure Equipment Pty Ltd, Mountain Designs Pty Ltd, and Paddy Pallin Pty Ltd in compliance with court enforceable undertakings given by each company to the ACCC.
